Ten Solid Reasons for Joining the RTTC Team

Reason #6

A great organization that places people first, provides a comfortable working atmosphere, and encourages open communication.

- Within RTTC, our people are our most valued resource (that is people come first).
- **RTTC management has created a "small company like" atmosphere within the security of a government agency.**
- We have, and have always had, an "open communication" policy between RTTC Team members, regardless of their organizational level.
- We are a diverse organization that accommodates and supports job and field changes within RTTC.
- **Because of the critical nature of the work RTTC performs, especially at this time in our country's history, we are a dynamic and forward-thinking organization that recruits and rewards the best efforts and results.**
